Working with blocks and design elements HD

124650

From Weblium, 5 days ago

It was a humorously perilous business for both of us. For, before we proceed further, it must be said that the monkey-rope was fast at both ends; fast to Queequeg's broad canvas belt, and fast to my narrow leather one. So that for better or for worse, we two, for the time, were wedded; and should poor Queequeg sink to rise no more, then both usage and honour demanded, that instead of cutting the cord, it should drag me down in his wake. So, then, an elongated Siamese ligature united us. Queequeg was my own inseparable twin brother; nor could I any way get rid of the dangerous liabilities which the hempen bond entailed.

### Meet FitAble

Personal coaching is the most effective way to improve your health and fitness. FitAble combines coaching and the science of behaviour change to establish a holistic approach to your health.

7 day battery life

15 min charging time

Hi-res color touchscreen

Bluetooth low energy

### A revolution watch designed with fitness in mind

#### SmartPulse

Elevate workouts with continuous heart rate and simplified zones — all without an uncomfortable chest strap.

#### Connected GPS

Connect FitAble with the GPS on your phone to map your routes and see run stats like pace and duration on display.

#### All-Day Activity

Measure all-day steps, distance, calories burned, active minutes, hourly activity & stationary time.

#### Workout Goals + Summaries

Get an on-screen summary of each workout after you complete it, then check the Fitbit app to see how you're progressing toward your weekly exercise goals.

#### Call, Text & Calendar Alerts

See smart notifications on screen, and swipe them away to move on with your day.

#### Music Control

Adjust your volume and play, pause or switch songs from your smartphone with a simple tap.
